

# **Privacy Statement on personal data**

## ***AirMonTech Database system***

### **1. Description**

The aim of AirMonTech (Air Pollution Monitoring Technologies) is to compile the knowledge and information needed to harmonise current air pollution measurements and to guide decisions about monitoring in the future

The processing of personal data involves *the processing of personal data for the AirMonTech (Air Pollution **Monitoring Technologies**) Database system in accordance with regulation (EC) 45/2001 on the protection of personal data.*

This processing is managed at the Joint Research Centre (JRC) by the Air and Climate Unit (Energy, Transport and Climate Directorate) for the purpose mentioned under point 2 with the aim to collect information on air pollutants, measurement techniques, instrumentation, type approval, equivalence tests, standard operating procedures and more.

As this processing collects and further processes personal data, Regulation (EC) 45/2001, of the European Parliament and of the Council of 18 December 2000 on the protection of individuals with regard to the processing of personal data by the Community institutions and bodies and on the free movement of such data, is applicable.

The Unit Head of "Inter-institutional, International Relations and Outreach" acts as Controller of the processing of personal data covered by generic notification "CONTACTS LISTS & NETWORK PARTNERS DATABASES AT THE JRC" (DPO-1924).

The JRC co-ordinator, Air and Climate Unit Head of the *Directorate for Energy, Transport and Climate*, manages the processing itself, under the responsibility of his Director who acts as Processor.

### **2. What personal information do we collect, for what purpose and through which technical means?**

#### **Identification Data**

*Personal data collected in the database: name, surname, email address, institute or working place address, institute or working place name, telephone number, fax number.*

#### **Purpose**

Personal data are collected and processed in order to communicate with the data subjects about the JRC research activities related to the AirMonTech Database.

#### **Technical information**

Personal data are normally collected through a database (RDBS) and stored on JRC servers.

### **3. Who has access to your information and to whom is it disclosed?**

Access to the personal data is allowed to authorized officials and other staff of the JRC. No personal data is transmitted to parties, which are outside the recipients and the legal framework mentioned.

In some specific cases, personal contact data could be published on a publicly available website of the JRC. An additional opt-in/opt-out option is proposed to confirm acceptance to such publication.

### **4. How do we protect and safeguard your information?**

The collected personal data is stored on the servers of JRC and underlie the Commission Decision C (2006) 3602 of 17/08/2006 "concerning the security of information systems used by the European

Commission” defines IT security measures in force. Annex I defines the security requirements of EC Information Systems. Annex II defines the different actors and their responsibilities. Annex III defines the rules applicable by users.

#### **5. How can you verify, modify or delete your information?**

The data subject can send a message to the Controller or to the address mentioned under "Contract Information", by explicitly specifying your request to have your personal data modified or deleted.

Special attention is drawn to the consequences of a delete request, in which case any trace to be able to contact you will be lost.

#### **6. How long do we keep your data?**

Your personal data is kept as long as follow-up actions linked to the above mentioned purpose are necessary. All personal data will be deleted at the end of the Framework Programme for Research and Innovation (Horizon 2020)

#### **7. Contact Information**

In case you have questions related to this processing or concerning any information processed in this context, or on your rights, feel free to contact:

- the JRC Controller or the JRC Processor using the functional email address [jrc-airmontech@ec.europa.eu](mailto:jrc-airmontech@ec.europa.eu).
- the JRC Data Protection Co-ordinator: [jrc-data-protection-coordinator@ec.europa.eu](mailto:jrc-data-protection-coordinator@ec.europa.eu)
- the Commission’s Data Protection Officer: [data-protection-officer@ec.europa.eu](mailto:data-protection-officer@ec.europa.eu)

#### **8. Recourse**

Complaints, in case of conflict, can be addressed to the European Data Protection Supervisor: [edps@edps.europa.eu](mailto:edps@edps.europa.eu)
